MTUN INDUSTRY-ACADEMIA DISCOURSE ON ADVANCED TVET

The Malaysia Technical University Network (MTUN) comprises four prominent public universities committed to cultivating excellence and fostering collaboration in technical education:

- Universiti Teknikal Malaysia Melaka (UTeM)
- Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA)
- Universiti Malaysia Perlis (UniMAP)
- Universiti Tun Hussein Onn Malaysia (UTHM)

Join us for an enlightening exploration of the future of Technical and Vocational Education and Training (TVET) at the MTUN Industry-Academia Discourse on Advanced TVET. This exceptional event will bring together thought leaders, industry experts, and policymakers to delve into the pivotal role of TVET in shaping the future global workforce.

- Date: 11th June 2024
- Time: 8.00 am till 5.00 pm
- Venue: Tun Dr. Ismail Hall, Level 2,
World Trade Centre (WTC), Kuala Lumpur

HIGHLIGHTS OF THE EVENT:

Keynote Speaker Sessions: Engage with industry experts and government official leaders as they share insights into the future and importance of Technical and Vocational Education and Training (TVET). Gain valuable knowledge and strategies for advancing in the evolving landscape of skills development including upskilling and reskilling with the market-driven demand as well as to transform TVET graduates into future-ready professionals.

Keynote Speaker

Shaping Tomorrow: Unveiling Key Skills for the Future Workforce at the Intersection of Robotics, AI, and TVET in Ali Baba Industry Success and Sustainability

Speaker: Mr Zhang Lei
Senior Director Alibaba (China) Education & Technology Co., Ltd.

Academic Forum: Participate in discussions led by renowned academics and industry experts. Explore innovative approaches, engage with stakeholders, research findings, and best practices in enhancing TVET to meet industry demands and global challenges, particularly related to MTUN niche areas on Advanced Manufacturing and Computing Technologies, Sustainable Technology & Transportations, Chemical and Automotive as well as in Electrical and Electronics.

Forum title: Cross-Cultural Competence for a Globalized TVET Workforce: A Perspective.

Panellists: Experts from academia and industry specializing in TVET from various sectors and countries worldwide.

CEO Roundtable Session: Connect with top-level executives from leading companies. Exchange ideas, address industry needs, issues, governance, and collaborate on shaping the future of TVET to drive economic growth, competitiveness, and high-income nation.

Title: Nurturing Global Talents through TVET Excellence

Research Exhibition: Discover groundbreaking research and projects showcasing the latest advancements in TVET. Interact with researchers, explore cutting-edge technologies, and explore opportunities for collaboration and partnerships.

Closing Remarks: Chairman of the Vice-Chancellor Committee of MTUN

Closing Speech: The Honourable Deputy Prime Minister of Malaysia

Special Events:

Launching of MTUN Advanced TVET 2030:

MTUN Advanced TVET 2030 is an extensive educational initiative emphasizing talent development through technical expertise, soft skills, and entrepreneurship at the tertiary level, following the Malaysian Qualifications Framework (MQF). It aims to cultivate a skilled workforce equipped with high technical and vocational competencies to address the demands of local and global job markets. Additionally, MTUN Advanced TVET 2030 focuses on nurturing competent professionals and future-ready talents by offering industry-driven TVET academic programs, contributing to student empowerment, community development, and sustainable industry growth through innovation and industrial-based research support and efficient governance.

Malaysia-China Kaiwu Workshop: In collaboration with Heilongjiang Agricultural Economy Vocational College (HAEVC), UTeM is forging an academic pathway in Technology Management and E-Commerce, providing diploma and degree professional, and short courses. This government-to-government partnership seeks to bolster connections with China's E-Commerce knowledge worldwide key industries such as Ali Baba group, facilitate educational opportunities for undergraduate as well as postgraduate students at UTeM, and cultivate global alliances in technology management and e-commerce.
