MyKids Portfolio

a portfolio for every student

Introduction

MyKids Portfolio is a digital portfolio for every student. It is a platform for students to showcase their work, achievements, and learning experiences. The portfolio is designed to be user-friendly and easy to navigate, providing a comprehensive overview of a student's academic and extracurricular activities.

Objectives

The objectives of MyKids Portfolio are to provide a platform for students to showcase their work, achievements, and learning experiences. It aims to enhance the visibility of student work and provide a comprehensive overview of a student's academic and extracurricular activities.

Evaluation & Results

The evaluation results show a positive trend in student performance, with a significant increase in the number of students achieving high marks in the portfolio.

Value and Technology

MyKids Portfolio is a digital portfolio for every student. It is a platform for students to showcase their work, achievements, and learning experiences. The portfolio is designed to be user-friendly and easy to navigate, providing a comprehensive overview of a student's academic and extracurricular activities.
